

SP μ Level 20

Levelling Starter Package with IT

Components of the Levelling Starter Package with IT

SP μ Level 20 (BG 840150)

μ Level Spirit Level with Bluetooth (BT 840100/1)

The precise alignment of machines is an important part of the Quality Management process. Especially in the tool machinery market precision down to a μm is required. The new μ Level system is an easy to handle yet very precise system for the measurements of straightness and parallelism.

You can use it as a stand alone instrument or in combination with software which guides you through the steps and then documents the results.

You can also use two μ levels at the same time. Where one of them serves as a continuous reference. You can also store the measurements in the unit and connect it to the software afterwards.

By using the integrated Bluetooth device you can connect the μ Level directly to a Android smartphone or to a Windows based PC.

External Display (IT 200610)

We offer a Motorola Smartphone as an external display unit for the μ Level. This device can be used without a SIM card.

It is rugged and scratch resistant. By using a Corning Gorilla Glass the 3,7" touchscreen is well protected.

Software for remote indication on Android System (SW 200190)

The software connects two μ Level systems at the same time. You can "zero" the data or show them a differential value.

Furthermore, you can save and export your measured data in csv format to use them e.g. in a spreadsheet software.

Case for μ Level with Foam Inlay (BG 990108)

The rugged Case contains the following:

- | | |
|-----------------------|--|
| 1 x BT 840100/1: | μ Level unit with Bluetooth |
| 1 x BT 840120: | Foam inlay for μ Level case |
| 1 x IT 200610: | μ Level Ext. Display (107 x 59 x 13 mm)
Motorola Defy BT WI-FI 3,7" Display |
| 1 x SW 200190: | Display software for μ Level
on an Android basis |
| 1 x DBPA SP USB-MICRO | USB Micro Twist, 4 GB |
